

Transformer Nameplate Data:

General Electric Substation Oil Filled Transformer,
12,000 KVA - OA
16,000 KVA - FA
22,400 KVA - FOA
HV: 34,400 Grd Wye/19,860
LV: 13,800 Grd Wye/7,970 - 4,160
3 Phase
60 Hertz
Class OA/ FA/FOA
Impedance 6.30%
Rise: 55 / 65 C
Hv Bushings: TOP
Lv Bushings: SIDE

HV Taps:

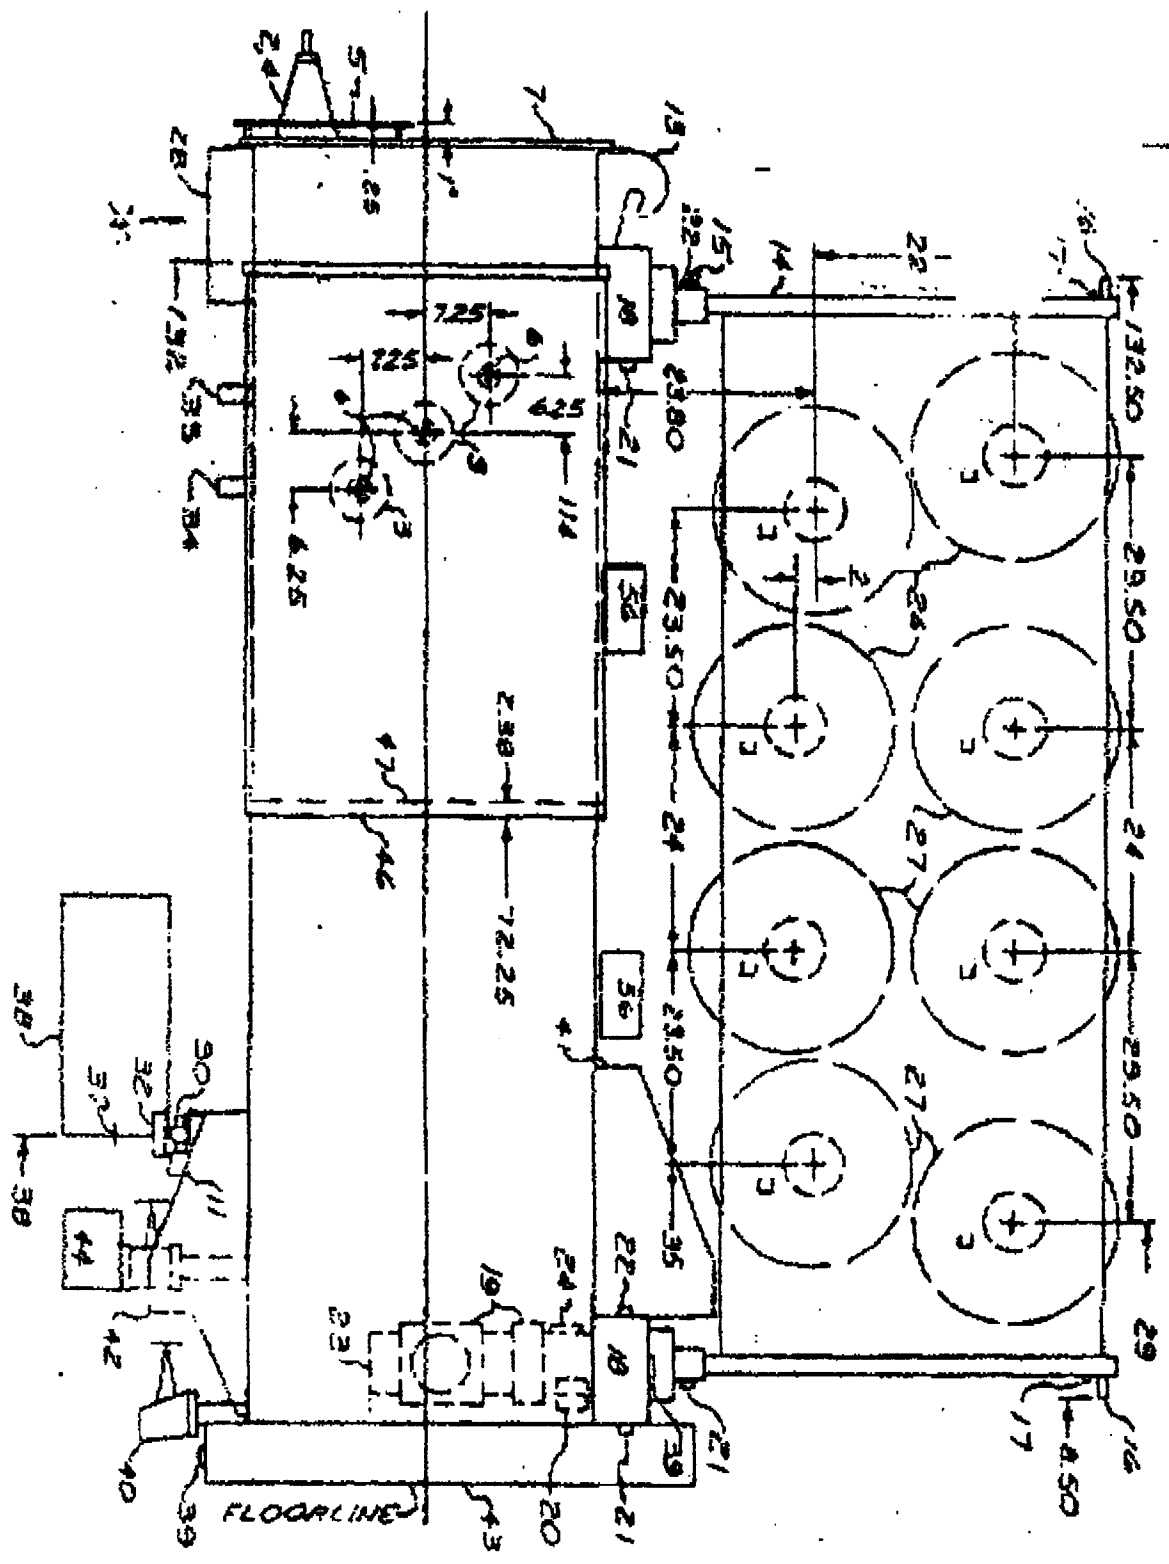

Hv Taps
36,120
35,260
34,400
33,540
32,680

Serial Number: F-961861
Shipping Weight: 50,000 pounds
Gallons of Oil: 1,645 gallons (12,300 pounds)

Special Features

1. Includes standard gauge package, temperature & liquid level indicators, non-load tap changer, sample and drain valves.
2. Equipped with radiators and eight cooling fans and controls!
3. Electrically good condition, in stock, ready-to-ship!
